

ATRIUM TOUR

Franciscan Blessing Plaque

The bronze plaque featuring a “Franciscan Blessing” was a gift from Dave Beiersdorfer, past president of Endeavor Construction Company and a member of Roger Bacon’s Class of 1972. The plaque served as a source of inspiration for company employees and as a reminder of the Franciscan education he received at Roger Bacon.

His son, Dave Beiersdorfer Jr., serves as Senior Project Manager for the Huseman Group (HGC), the general contractor for the atrium. Dave Beiersdorfer and his wife, Stephanie, generously donated the plaque for installation in the atrium, where it will continue to inspire future generations of Spartans.
