

NCAA Eligibility Center COVID-19 Response FAQs

For Students Initially Enrolling Full Time in the 2021-22 or 2022-23 Academic Year

Given the continuing impact of COVID-19 on the educational environment, the NCAA Eligibility Center has partnered with the NCAA membership to identify the following changes to the initial-eligibility certification process for students **who initially enroll full time in a collegiate institution during the 2021-22 or 2022-23 academic year**. The Eligibility Center will continue to monitor the environment and make necessary adjustments to prioritize health, safety and fairness for all prospective student-athletes.

Q2: If students meet the [COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment](#) but also present a non-qualifying standardized test score, will they still receive the automatic waiver?

A2: Yes. Standardized test scores are not included in the COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment.

Q3: How will the COVID-19 Automatic Waiver for 2021-22 or 2022-23 enrollment appear in the student's Eligibility Center account?

A3: For students who meet the alternative [Qualifier](#) or [Early Academic Qualifier](#) standard, their Eligibility Center account will show Final Nonqualifier status with "COVID-19 Automatic Waiver Approved" in the Academic Status field (*see below*):

DIVISION I Academic Status Final Nonqualifier (COVID-19 Automatic Waiver Approved)	Amateur Status Preliminary Reviewed	DIVISION II Academic Status Final Partial Qualifier (COVID-19 Automatic Waiver Approved)	Amateur Status Preliminary Reviewed
---	---	---	---

DIVISION I ACADEMIC STATUS Final Nonqualifier COVID-19 Automatic Waiver Approved You are immediately eligible to receive athletics aid, practice and compete. Contact your institution's Compliance Department for details.	DIVISION II ACADEMIC STATUS Final Partial Qualifier COVID-19 Automatic Waiver Approved You are immediately eligible to receive athletics aid, practice and compete. Contact your institution's Compliance Department for details.

Q4: Given removal of the standardized test score requirement for students enrolling in 2021-22 and 2022-23, will other automatic initial-eligibility waiver criteria be adjusted for these classes?

A4: Yes. **Division I students** who initially enroll full time during 2021-22 or 2022-23 will receive an automatic initial-eligibility waiver if they:

- Provide proof of graduation;
- Meet the core-course progression requirement (10/7; *not applicable if certified based entirely on international academic credentials*); and
- Present 13 or more core-course units with a 2.800 or higher core-course GPA (based on their final academic certification for qualifier requirements).

Division II students who initially enroll full time during 2021-22 or 2022-23 will receive an automatic initial-eligibility waiver if they:

- Provide proof of graduation; and
- Present 13 or more core-course units with a 2.800 or higher core-course GPA in their final academic certification.

If students meet the adjusted automatic initial-eligibility waiver criteria, their Eligibility Center account will show Final Nonqualifier status (DI) or Final Partial-Qualifier Status (DII) with “Automatic Waiver Approved” in the I-E Waiver DI or I-E Waiver DII field.

Q5: Will homeschool students be eligible to meet the [COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment](#)?

A5: Yes.

Timing

Q6: When will the COVID-19 Automatic Waiver be applied?

A6: The COVID-19 Automatic Waiver will be applied at the time of academic evaluation.

Submission of Academic Documents

- Q7:** Will there be any flexibility in requiring official academic documents?
- A7:** Official academic records are necessary to ensure accurate initial-eligibility certifications and should be submitted via an [approved channel](#) whenever possible. Given the unique circumstances, if only unofficial records are available for students who initially enroll full time in 2021-22 or 2022-23, please submit them to ec-processing@ncaa.org directly from the email address associated with the student's Eligibility Center account for use in the academic evaluation.

Academic Evaluations

- Q8:** How will the Eligibility Center approach schools with NCAA-approved core courses that offer distance, e-learning or hybrid options for students in 2020-21 and/or 2021-22 due to COVID-19?
- A8:** Consistent with the approach to reviews in Spring/Summer 2020, the Eligibility Center will not require a separate review of distance, e-learning or hybrid programs offered by schools with NCAA-approved core courses during 2020-21 and/or 2021-22 in response to COVID-19. Students may complete their NCAA-approved core courses through the channels of instruction provided or recommended by their school, district or state department of education. For parents administering home school curriculum, please review the information included in the Eligibility Center home school [resources](#).

Note: This policy will apply to students from all grade levels (e.g., freshmen, sophomores) who complete distance, e-learning or hybrid courses in 2020-21 and/or 2021-22 at schools with NCAA-approved core courses.

- Q9:** How will the Eligibility Center approach high schools that issue Pass/Fail grades in 2020-21 and/or 2021-22?
- A9:** For NCAA-approved core courses completed in 2020-21 and/or 2021-22 that have been issued a grade of Pass, the Eligibility Center will apply the credit earned in these courses toward the core-course requirement in the student's certification. If the student's core-course GPA would increase by assigning a value of 2.300, this value will be assigned to the Passed courses. However, if the student's core-course GPA would decrease by including the 2.300 value for Passed courses, the student's core-course GPA will be calculated based only on courses with assigned letter grades from previous terms (credit from these courses will still be applied toward the student's core-course requirements).

Note: This policy will apply to students from all grade levels (e.g., freshmen, sophomores) who successfully complete NCAA-approved pass/fail core courses in 2020-21 and 2021-22.

Q10: Will there be any flexibility in the Division I core-course time limitation for students who initially enroll full time in 2021-22 or 2022-23?

A10: Yes. For students who initially enroll full time in 2021-22 or 2022-23, up to six core-course units completed after starting the seventh semester (and before full-time enrollment) will be used in the student's initial-eligibility certification, regardless of whether the student graduated on time or when the courses are completed (i.e., during the academic year or Summer term).

Note: For Division I, all core courses completed before full-time enrollment may be used in the academic-redshirt certification.

Q11: How will the Eligibility Center approach canceled international leaving examinations?

A11: The Eligibility Center encourages submission of official year-by-year transcripts for evaluation of international students. For countries and/or examination boards issuing certificates/diplomas without final exams (based on other assessment methodologies), the Eligibility Center will accept the credential as acceptable proof of high school graduation, provided it is listed as an acceptable proof of graduation in the [NCAA International Guide](#). As a reminder, the [Graduation Timeline Confirmation Form](#) may also be submitted, as appropriate, to extend the graduation timeline.

Q12: Will there be any impact to the PSA-Review process?

A12: Yes. Given the unique circumstances, program tasks will not be sent for courses completed in Spring/Summer 2020, 2020-21 or 2021-22. Further, test-score inquiries will not be submitted for students who initially enroll full time in 2020-21, 2021-22 or 2022-23.

Q13: Will the Eligibility Center re-evaluate accounts that meet the COVID-19 alternative [Qualifier](#) or [Early Academic Qualifier](#) standard?

A13: No, unless there is an issue regarding the validity of the academic credentials that were used to meet the COVID-19 alternative [Qualifier](#) or [Early Academic Qualifier standard](#).

Q14: What if students do not meet the [COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment](#)?

A14: The student's academic certification will be finalized without test scores if there are no other open academic tasks. Member institutions may submit an initial-eligibility waiver for students who do not meet COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment.

Q15: Will [COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment](#) apply to 2021 or 2022 graduates who delay initial full-time collegiate enrollment until 2023-24 or beyond?

A15: Yes.

Subsequent Classes

Q16: Will other classes (e.g., sophomores, juniors) receive any flexibility in the NCAA initial-eligibility standard as a result of COVID-19?

A16: The approach to Pass/Fail grades and distance/e-learning/hybrid courses will apply to all students, including subsequent classes, who complete NCAA-approved core courses in Spring/Summer 2020 or during the 2020-21 or 2021-22 academic years.

Prior Classes

Q17: Will [COVID-19 Automatic Waiver criteria for 2020-21 enrollment](#) apply to expected 2020 graduates or prior (as determined by the start of year nine) who delay initial full-time enrollment until 2021-22 or beyond?

A17: Yes.

Q18: What COVID-19 alternative standards apply to students who initially enrolled full time in 2020-21 (including mid-year enrollees)?

A18: For information on the application of COVID-19 alternative standards based on initial full-time enrollment date, please see the following:

- For students who initially enrolled full time in 2020-21: [Click here](#).
 - For students who will initially enroll full time in 2021-22 or 2022-23: [Click here](#).
-

Q19: How will the Eligibility Center determine which COVID-19 alternative standard to apply?

A19: The Eligibility Center will utilize information provided in student accounts along with Enrollment Verification tasking for some students to help ensure the appropriate alternative standard is applied. [Click here](#) for additional details regarding Enrollment Verification tasking.
