

**Come Here,
Go Anywhere.**

More Than a School

Welcome to Roger Bacon High School—a place that is more than a school. It is a family and a community built on tradition, where lifelong friendships are formed and individual and team success creates not only greatness, but legacy.

As the only Franciscan high school in Cincinnati, Roger Bacon gives students unmatched opportunities to discover their strengths, expand their world, and grow into the best version of themselves. Spartans travel through pilgrimages and enrichment experiences, develop as leaders through service, athletics, and the arts, and graduate prepared for the nation's best colleges and universities.

Leadership is built in an intentionally small, coeducational environment that reflects the real world. Because students are known personally, they gain the confidence to speak up, take risks, collaborate with others, and step into meaningful roles. Grounded in Franciscan values, they learn that true leadership means bringing people together and using their talents in service to others.

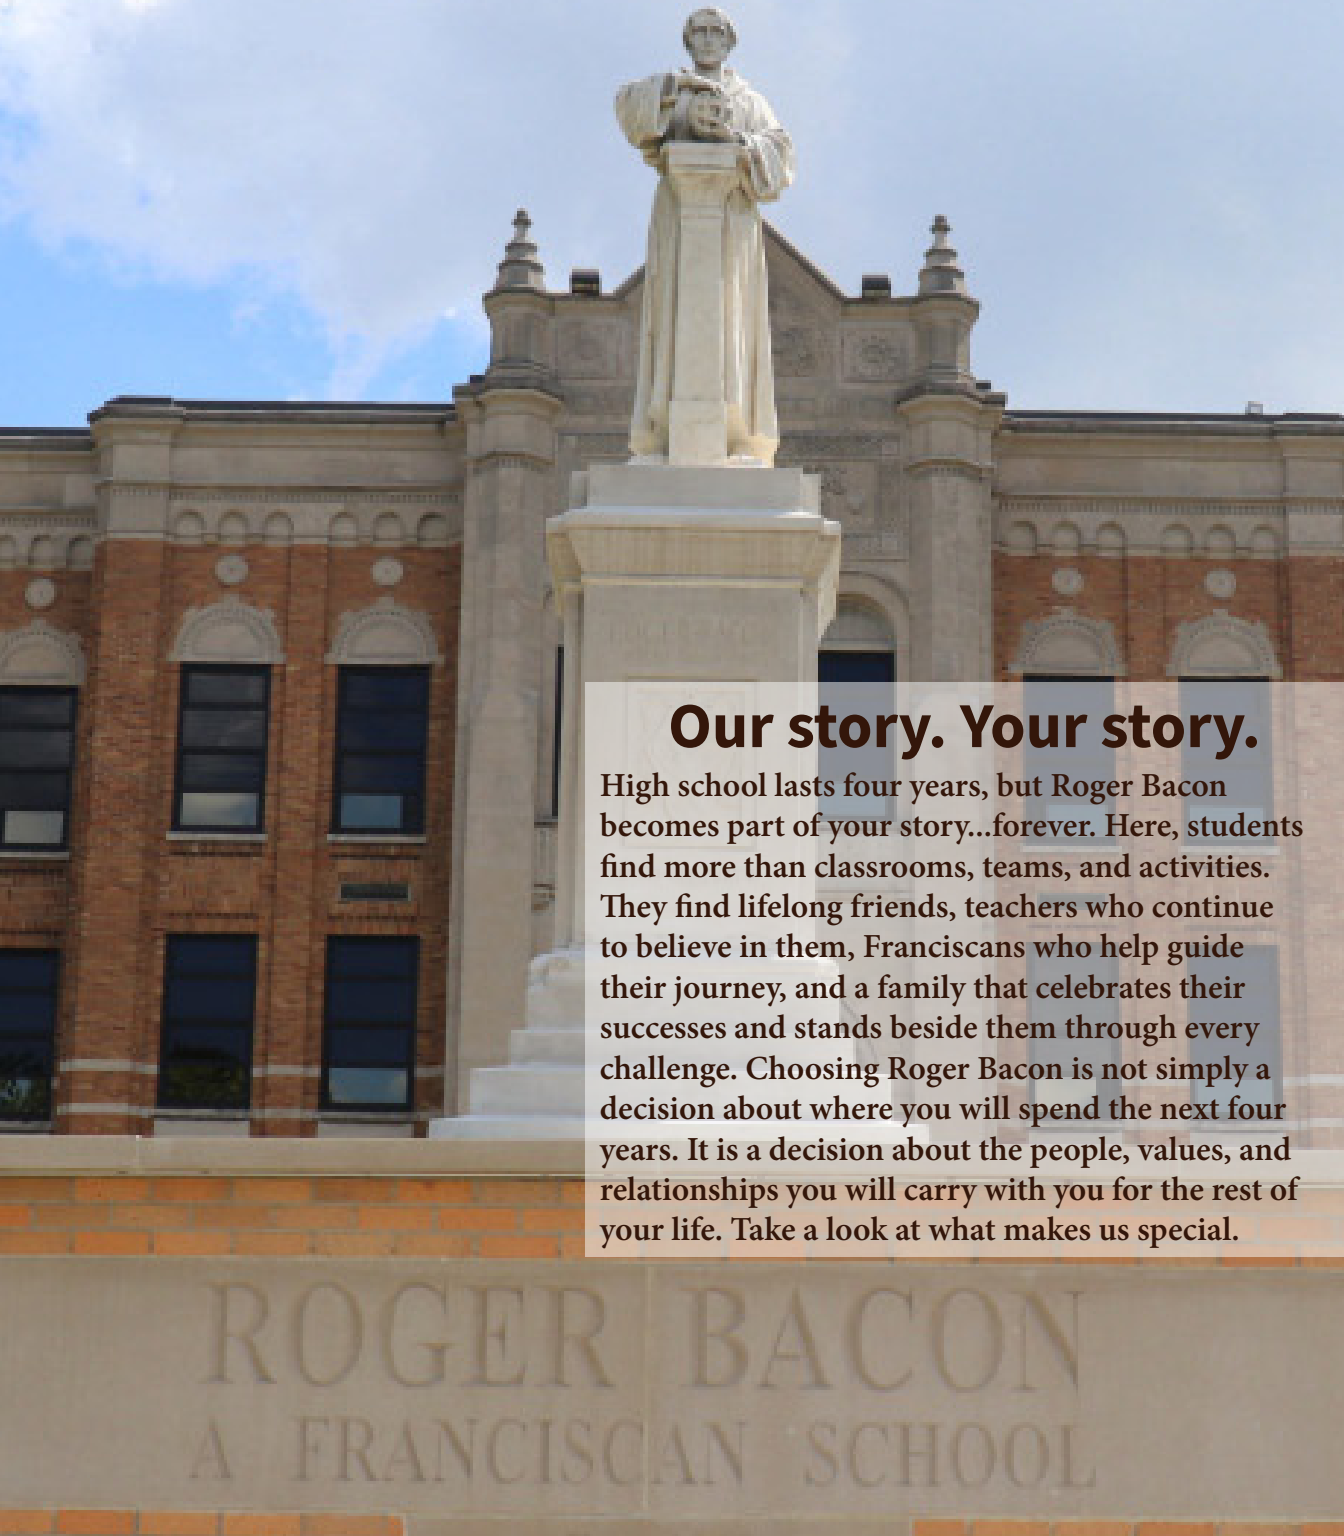

That is the promise behind Come Here. Go Anywhere. Students come to Roger Bacon to be known, challenged, supported, and inspired—and leave prepared to pursue wherever their talents, ambitions, and purpose may lead them.

I know this because I lived it. As a proud graduate, I was part of the team that defeated LeBron James to win a state championship. But what made that victory legendary was not simply the scoreboard. It was the family, tradition, and Franciscan spirit that shaped us, and showed us the way.

That is what makes Roger Bacon different. That is what makes Roger Bacon home. And that is why there is no place like Roger Bacon.

Tim McCoy, '02
Principal
Head Baseball Coach

Our story. Your story.

High school lasts four years, but Roger Bacon becomes part of your story...forever. Here, students find more than classrooms, teams, and activities. They find lifelong friends, teachers who continue to believe in them, Franciscans who help guide their journey, and a family that celebrates their successes and stands beside them through every challenge. Choosing Roger Bacon is not simply a decision about where you will spend the next four years. It is a decision about the people, values, and relationships you will carry with you for the rest of your life. Take a look at what makes us special.

ROGER BACON
A FRANCISCAN SCHOOL

Historic. Modern. Truly unique.

Roger Bacon's historic campus is a place where tradition and innovation meet. With more than \$36 million in recent improvements, our facilities continue to evolve while honoring the legacy of nearly a century of Spartan pride. Beyond serving our own students, our campus continues to draw outside organizations—from Hollywood productions, to the Cincinnati Symphony, to local schools and civic groups—because there truly is no campus like Roger Bacon.

Small Diverse Coed Franciscan Academics

Be Seen, Be YOU

At Roger Bacon, **small isn't a compromise—it's the whole point.** When a school is small enough that every teacher knows your name, every coach knows your potential, and every administrator knows your story, something special happens: you stop trying to fit in and start being yourself. Here, there's no back row. No waiting your turn to lead, perform, or compete—because at Roger Bacon, the opportunities are everywhere, and they are yours. This is what a real family feels like: the freedom to be yourself and be embraced for who you are.

“I chose Roger Bacon because the atmosphere felt so welcoming. The day I shadowed, I knew right away this was where I wanted to be. The people make RB special—there is always someone to talk to, and there is truly something for everyone. By the end of orientation, I had already made new friends and knew Roger Bacon would become my home for the next four years, and beyond. Hail Spartans!”

Emma McGraw - John Paul II
Class of 2030

Assisi Travel Athletics Arts Scholarships Outcomes

"I chose RB because I felt peace the moment I walked through the doors. Every class I attended on my shadow day made me feel included. The teachers and coaches were interested in getting to know me. I love how everyone treats each other with respect and kindness. I believe this is because God really is at the center of life here. I wanted to be at a school that would help me grow in my faith. I am also a three-sport athlete. The programs here are great. Roger Bacon is the school that will help me strengthen my faith, education and drive to achieve. Hail Spartans"

Levi Combs - St. James, White Oak
Class of 2030

Real World Reflection

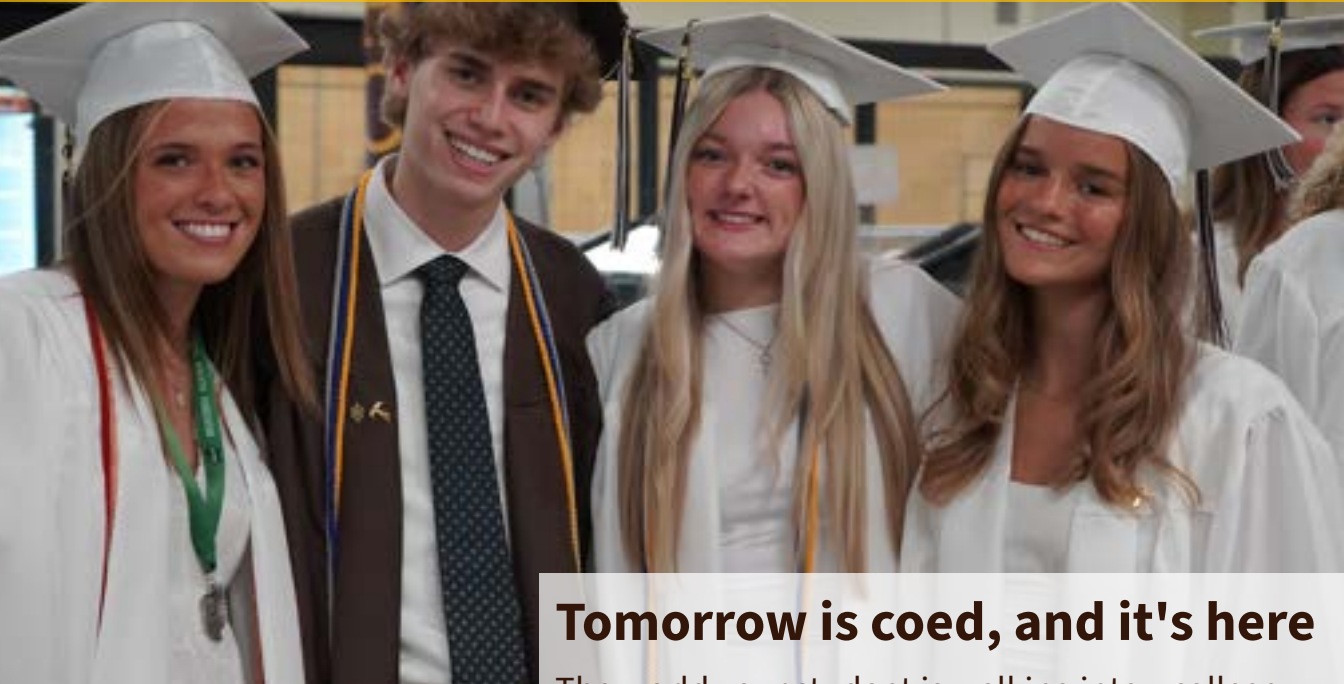

Diversity is part of the Roger Bacon experience. Our students come from all walks of life, and all over the tri-state, bringing with them unique stories, talents, and perspectives that enrich our community every day. In classrooms, on athletic teams, and in clubs, they learn the power of collaboration across differences, discovering that strength is found in unity. As a coeducational, Franciscan high school, we embrace the value of seeing the world through many lenses—preparing our students not only for academic success, but also for **compassionate leadership in an increasingly diverse and interconnected world.**

Small Diverse Coed Franciscan Academics

Assisi Travel Athletics Arts Scholarships Outcomes

Tomorrow is coed, and it's here

The world your student is walking into—college, career, community—is coed. It always has been. So **an education that separates boys and girls isn't preparing students for tomorrow; it's delaying it.** At Roger Bacon, boys and girls share the same classrooms, the same teams, the same challenges and the same wins. Not as an experiment, but as the standard. They learn valuable social, leadership, and communication skills, compete with each other, and support each other every day, starting now. That's not just a more dynamic education. It's a more honest one. Because the goal shouldn't be to shelter students from the real world until graduation—it's to **build the skills they'll need to succeed, and lead,** in it.

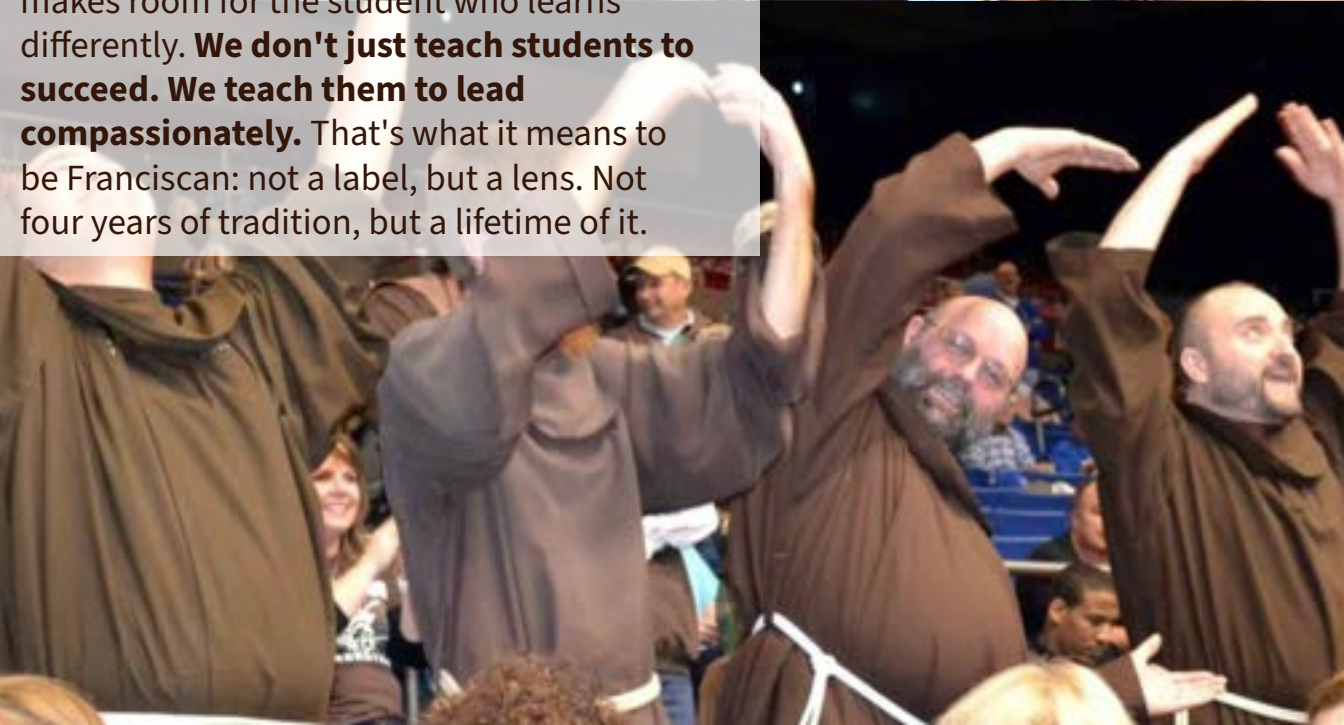

Studies highlight advantages of coed

Research shows that **separating students by gender does not produce a meaningful academic advantage**. A major meta-analysis of 184 studies and roughly 1.6 million students found no academic difference between single-sex and coed schools once researchers controlled for student background, admissions criteria, and school quality (Pahlke, Hyde, and Allison, 2014). A 2024 meta-analysis of nearly 1.2 million students similarly found no academic advantage to single-sex education — while reporting **stronger communication skills and greater self-confidence among students in coeducational settings** (Ciftci, Karadag, and Cin, 2024).

Franciscans - Only at RB

Roger Bacon is the only Franciscan high school in Cincinnati—and that distinction shapes who we are. We have Franciscans on staff and in classrooms. St. Francis of Assisi didn't just preach a set of beliefs; he lived a posture toward the world: humility over ego, compassion over judgment, joy over anxiety, dignity for every person regardless of where they started. That's the tradition our students are formed in, in ways that go far beyond a religion class. It shows up in how a senior mentors a freshman, how the anxiety before a test gets lighter, how a classroom makes room for the student who learns differently. **We don't just teach students to succeed. We teach them to lead compassionately.** That's what it means to be Franciscan: not a label, but a lens. Not four years of tradition, but a lifetime of it.

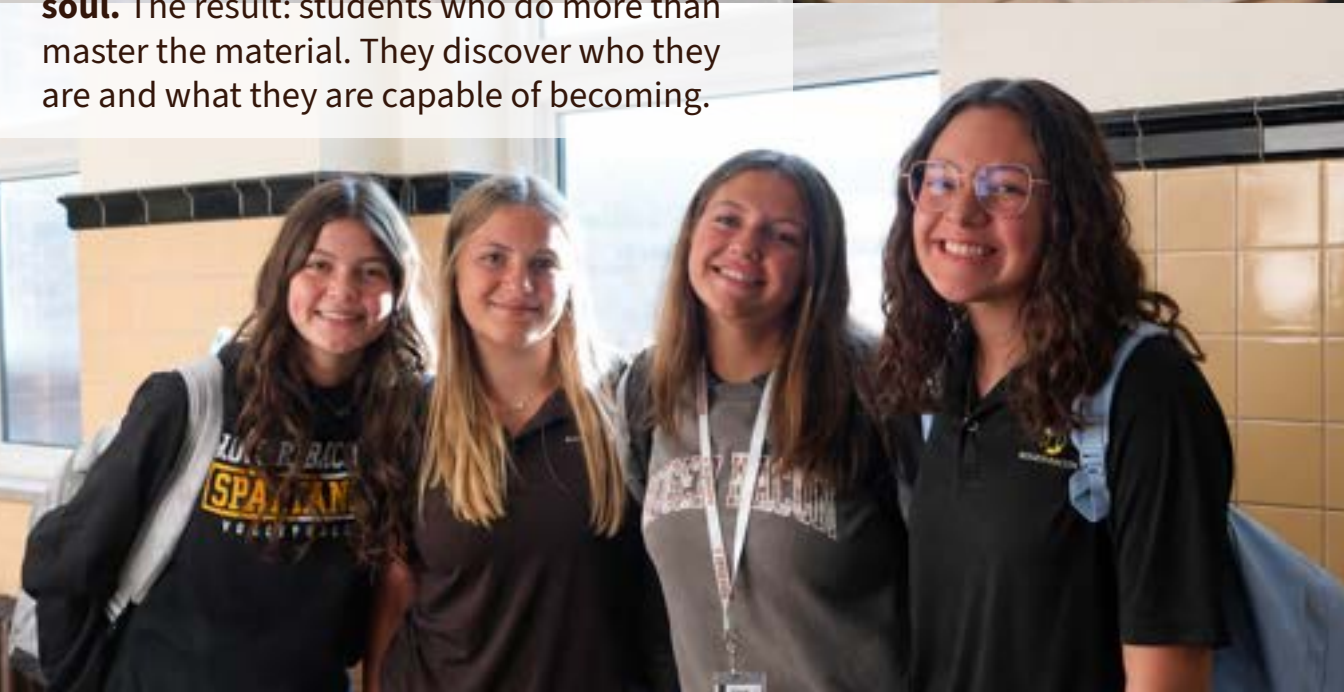

Assisi Travel Athletics Arts Scholarships Outcomes

Small Diverse Coed Franciscan **Academics**

Known by name, not number

At Roger Bacon, academic excellence begins with being known. From day one, teachers **KNOW** our students. They recognize their strengths, understand their challenges, and see potential they may not yet see in themselves. Small class sizes and a growth mindset are not simply a benefit; they are central to how we teach—allowing educators to know when a student needs support, when they are ready to be challenged, and how to help them continue growing. **Rooted in our Franciscan tradition, that personal attention extends beyond academics as we form the whole person—mind, heart, and soul.** The result: students who do more than master the material. They discover who they are and what they are capable of becoming.

The Assisi Scholars

An Honors program unlike any other, the Dr. Deb Luebbe Assisi Scholar Program is designed for students who want to go further, push harder, and dream bigger. Rooted in the intellectual curiosity and spiritual vision of St. Francis of Assisi, **it challenges our brightest Spartans to excel academically while growing as leaders and servant scholars.** Assisi Scholars take on enriched coursework, step into mentorship and leadership roles, and even journey on an all-expenses paid pilgrimage to Assisi and Rome—walking the same streets once walked by St. Francis and St. Clare. It's more than an Honors program. It's a community of driven learners, leaders, committed to using their talents with wisdom, faith, and purpose.

"The Pilgrimage is truly unforgettable, and I will always be grateful. Assisi and Rome provided so many amazing experiences. I loved the Basilica of St. Francis, and the beautiful rose window, an exact replica of which now looks over our new chapel. It was simply breathtaking. And of course, who doesn't love gelato every night? I gained new insights into my own faith and the kind of person I want to become. I feel even more confident in myself. Walking in the footsteps of St. Francis and St. Clare is powerful. Best of all, walking with me were my fellow Assisi Scholars who helped make a trip filled with laughter and memories I won't forget."

- **Madison Schildmeyer, '26**

Small Diverse Coed Franciscan Academics

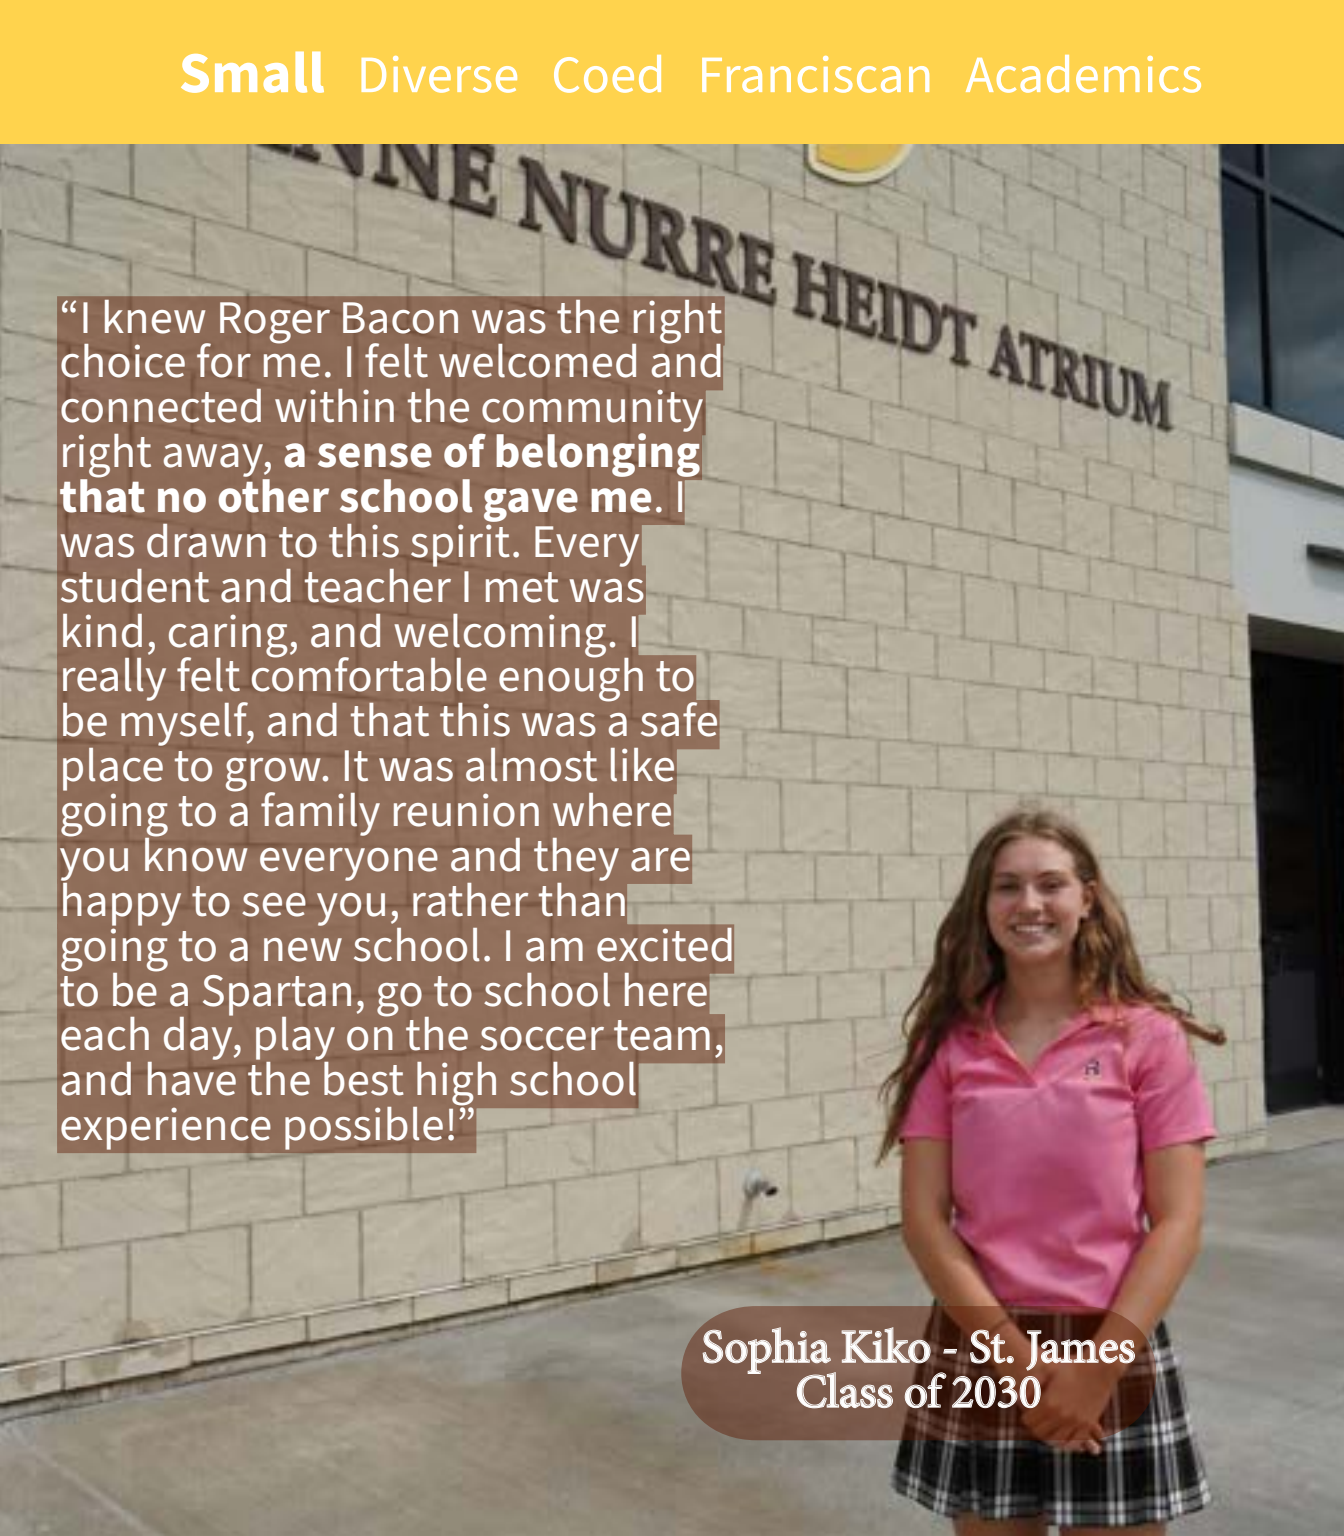

“I chose Roger Bacon because I wanted a place that would help me become the best version of myself and be part of something bigger than just me. I found that here. **What I love most about RB is the community.** People are supportive and welcoming, and genuinely care about one another. Because Roger Bacon is a smaller school, you are known, you belong, and it feels less like a school and more like a family. I have loved my time here, and I have never once second-guessed my decision to become a Spartan.”

Mia Sebens - St. Ursula Villa
Class of 2027

Small Diverse Coed Franciscan Academics

“I knew Roger Bacon was the right choice for me. I felt welcomed and connected within the community right away, **a sense of belonging that no other school gave me.** I was drawn to this spirit. Every student and teacher I met was kind, caring, and welcoming. I really felt comfortable enough to be myself, and that this was a safe place to grow. It was almost like going to a family reunion where you know everyone and they are happy to see you, rather than going to a new school. I am excited to be a Spartan, go to school here each day, play on the soccer team, and have the best high school experience possible!”

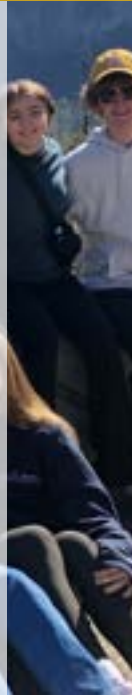

Sophia Kiko - St. James
Class of 2030

San Juan Bautista Pilgrimage

The perfect complement to our Assisi pilgrimage. Junior students have the opportunity to travel to California for a **transformational journey rooted in Franciscan spirituality, service, friendship, and discovery.** The San Juan Bautista Pilgrimage brings Franciscan history to life as Roger Bacon students follow in the footsteps of Fr. Junípero Serra. Through visits to the historic missions he helped establish, students explore a story of faith, courage, and an unwavering call to serve. They immerse themselves in the history, art, and culture of the region. More than a trip across the country, it is an unforgettable journey into the roots of the Franciscan mission—and an invitation for students to consider how they, too, are called to carry that mission forward.

The World is Your Classroom

At Roger Bacon, education and formation don't stop at the classroom door. Through the **St. Clare Society**, the classroom gets even bigger: an arts festival in Japan, a theater trip to Scotland, a mission trip serving communities in Jamaica, legal symposiums at Georgetown and Stanford Law, and medical school intensive at Cambridge University. **Academic. Cultural. Artistic. Spiritual. Wherever your passion leads, grab your passport and let's chase it.** These authentic experiences open hearts and minds, giving students a global perspective while keeping them rooted in what matters most: our Franciscan values.

Sofia Gill (JP11) '28 - Aspiring Lawyer

"Georgetown and DC were amazing! What a life-changing experience. The week consisted of law classes, CSI simulations, crime scene investigations, multiple speakers with CSI, the FBI, and many other law-related occupations. I ended up being a defendant for a supreme court simulation, and a prosecutor for mock trial! I cross examined our main suspect and provided crucial evidence that ended up winning the trial! This was genuinely the absolute best experience I've had. I've learned so many things. This was such an incredible 'real world' experience, and truly fueled my passion for law. It also gave me so much knowledge and experiences. I am so appreciative that Roger Bacon sent me here."

Molly Mohr (Nativity) '27- Aspiring Physician

"I was blessed to participate in a two-week program at the University of Cambridge in England, studying medicine. My professor led our class in detailed lectures about the lungs, the respiratory system, the heart, and surface-level anatomy of the body. Additionally, I learned how to perform basic suturing and even dissected a pig's heart. Balancing studies and free time, the program provided many fun activities and opportunities for cultural enrichment. We even visited London for a day. Not only did I return home with new skills and medical knowledge but also lifelong friendships from around the world. It truly was a once-in-a-lifetime experience, and I am grateful to RB for making it possible!"

Assisi **Travel** Athletics Arts Scholarships Outcomes

Jamaica Mission Trip

Each June, Roger Bacon students travel to Jamaica, for a mission experience rooted in faith and service. Working alongside local communities, they build meaningful relationships, broaden their perspective, and return home changed by the people they meet, further committed to make the world a better place.

Small Diverse Coed Franciscan Academics

Be Legendary

At Roger Bacon, athletics are about more than just wearing a uniform—they're about playing, competing, and growing as part of a team. Here, **students aren't lost on the sidelines; they're in the game**, developing their skills and contributing to their team's success. With 21 varsity sports, countless opportunities exist for athletes of all levels to shine, and our coaches are dedicated to helping each player reach their full potential. The results speak for themselves: **More than twice the national average of RB student-athletes go on to compete at the collegiate level.** When you win here, you don't just become champions—you become legendary, joining a tradition of Spartans whose victories live on far beyond the final whistle.

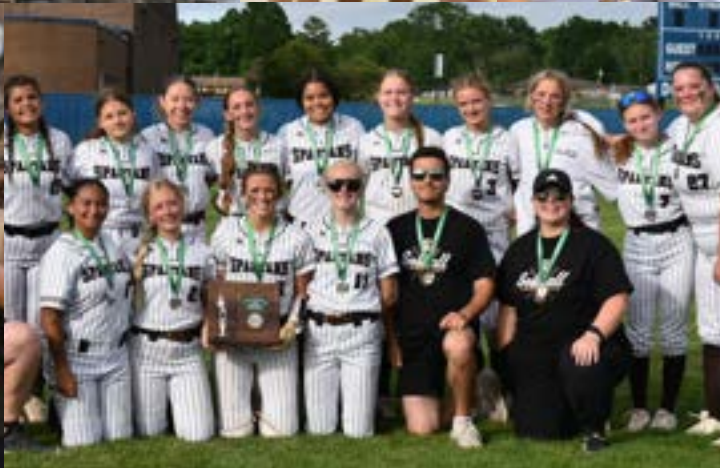

The best in Cincinnati History

Roger Bacon is the most successful volleyball program in Cincinnati history and is ranked 4th in Ohio history with more than 800 wins. In 41 years of play they have amassed 32 sectional championships, 27 District Titles, 9 Regional Titles, 7 Final Fours and 4 State Championships.

The Spotlight is Yours

At Roger Bacon, **the arts do not live on the sidelines - they take center stage.** Our artists are recognized, celebrated, and given the freedom to discover what makes their voice their own.

Our state-of-the-art Dauwe Fine Arts Center provides an extraordinary platform for students to create, perform, and share their gifts. But the stage does not end at our doors. A play written here can come to life in Scotland. A young artist can visit museums Japan. A musician can perform in Memphis.

This is more than a place to participate. It is a place to be seen, to take risks, and **become the artist you dreamed you could be.** At Roger Bacon, every student has a voice—and the world is waiting to hear it.

Exclusive Partnerships with our Franciscan Sisters Make College Affordable

Assisi Travel Athletics Arts **Scholarships** Outcomes

Our partnerships with Siena University and St. Bonaventure University help make an exceptional college education more affordable for Roger Bacon graduates.

Siena University

- Automatic admission for 3.0 GPA or higher
- **Guaranteed \$80,000, four-year scholarship** ON TOP of any merit or need-based aid awarded by school - average award given is approx. \$39,000 / year.
- For any student who does not earn degree in 4 years, **Siena will ensure 100% of tuition is covered until degree is earned**

St. Bonaventure University

- Roger Bacon students **receive a guaranteed \$20,000, four-year scholarship**
- Average award package = \$120,000 / \$30,000 per year, with average cost to attend about \$10,000 - \$15,000 before RB award applied

Small Diverse Coed Franciscan Academics

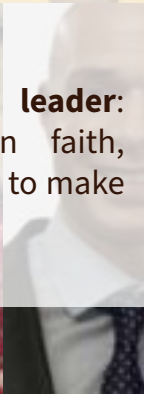

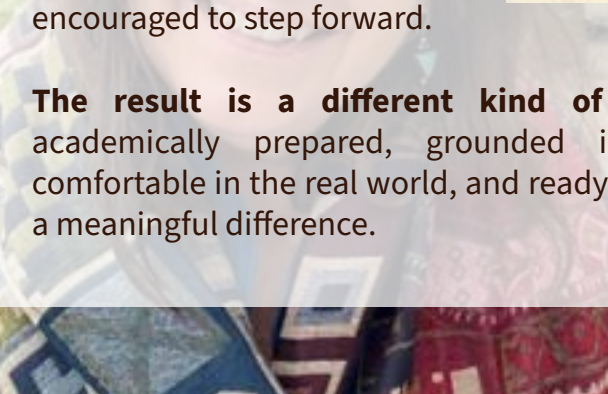

**Think deeply. Serve generously.
Lead courageously.**

Leadership doesn't happen by accident. It is intentional. It is developed through experiences students encounter every day.

This is Roger Bacon. In the classroom, students learn to think critically, communicate clearly, and meet high expectations. In a coeducational and diverse community, they gain the confidence to listen, collaborate, and lead alongside people with different experiences and perspectives. Through athletics, the arts, service, travel, and campus ministry, they discover their strengths and learn that leadership is measured not only by achievement but by character.

Our Franciscan tradition gives that leadership purpose. Students are challenged to lead with humility, compassion, courage, and a commitment to others. Because Roger Bacon is small by design, they are known personally, trusted with meaningful opportunities, and encouraged to step forward.

The result is a different kind of leader: academically prepared, grounded in faith, comfortable in the real world, and ready to make a meaningful difference.

"Not a day goes by when I don't recall an experience or use something that I learned at Roger Bacon. Whether it was the Franciscan values of discipline and learning, the lessons from practice and adversity on the basketball court, or the faculty that helped shape my sense of personal accountability — Roger Bacon shaped me into the man and leader I am today. The requirement to act, walk and talk like an adult during my four years at RB gave me the confidence to continue seeking more challenging professional roles and even guiding my own children through their formative years. **What I am today started with the mind, body and soul mentoring at Bacon.**"

Brian Kocher, '87 (St. Bartholomew)
Ohio University (Accounting) '91
Chief Executive Officer, SunOpta

Brian has served as CEO of SunOpta since 2024, bringing more than 20 years of leadership experience in the global food industry. He previously served as President and CEO of Calavo Growers and the Castellini Group of Companies, and spent a decade with Chiquita Brands International in senior roles including interim CEO, COO, CFO, and President of both Europe and North America. At Roger Bacon, Brian played basketball and earned a full scholarship to Ohio University.

Small Diverse Coed Franciscan Academics

"I went from a public middle school in Forest Park to spending my freshman year at St. X. It was not the experience I had envisioned. Transferring to Roger Bacon. I must say I felt so welcomed from the first soccer practice to my final graduation. Having the opportunity to join so many clubs and activities and getting to know my fellow Spartans expanded my friend group. I appreciated the individualized schedule and how much the teachers pushed me in my classes. That propelled me to attend the University of Cincinnati to get a degree in Biology and ultimately to med school. The positive experience I had at Roger Bacon High School is a huge part of my success today. I truly feel blessed and appreciate my time at Roger Bacon!"

John Beresh, M.D. (Forest Park Middle School), '90
University of Cincinnati, BS, Biology '94
University of Cincinnati College of Medicine, '01
Owner and Physician, Beresh Pain Management

"I have so many great memories of being at Roger Bacon. I met some of my best friends through my time in high school and had the opportunity to get involved with many different extracurriculars and activities that helped me realize my passions and interests. Roger Bacon was very influential in helping me to realize my passion for architecture and encouraging me to follow that passion as I continued on with college and my future career. This was vital in getting me to where I am today. Additionally, while I know it wasn't the intention, the trip to Assisi and Rome helped me to solidify my passion for architecture and encouraged me in my pursuits of this as my career path. "

Hannah Clark-Havron (Our Lady of Grace), '17
The Ohio State University, BS Architecture '21
University of Cincinnati, Master of Architecture, '23
Architectural Designer, Elevar Design Group

Assisi Travel Athletics Arts Scholarships **Outcomes**

"The Assisi Scholars program doesn't just create Honors students. The leadership and service aspects shape us into people committed to helping others, serving our communities, and taking a leadership role in the world around us. It shows us how to take action. These qualities have been recognized in me by my peers and the administration at UNC. **We graduate from RB with grades and ACT scores that will stand up to anyone, but we also possess qualities that make us 'oranges in a world full of apples.'** This has allowed me to not only get into my dream school but to excel and lead. I am so grateful for my Roger Bacon experience. "

Brady Rickenbaugh (St. Andrew - St. Elizabeth Ann Seton), '25
University of North Carolina at Chapel Hill '29

A sophomore, Brady carries a 4.0 GPA while double majoring in Political Science and Psychology, with a minor in Economics, on a pre-law track. Brady was chosen as a student government delegate for Academic Affairs, and was selected by UNC Chancellor Lee Roberts to lead an AI task force alongside UNC's Chief AI Officer. In 2026, Brady was named Social Justice Advocate of the Year by his peers in the freshman class for the HSPT prep program he created at Roger Bacon to address academic disparities.

Assisi Travel Athletics Arts Scholarships **Outcomes**

"I love Roger Bacon. Being in the Assisi Scholars program was definitely challenging academically, but prepared me so well for college. The trip to Assisi was AMAZING, and I was able to have fun and experience religion in a way that I hadn't before. It helped me to become a well-rounded human being with a strong desire to make the world a better place. Learning about each of our Franciscan values showed me how to live a life that I would be proud of. As I walked out down the marble stairs for the first time, I knew that this place and these people truly shaped me into the person that I wanted to be."

Julia Mumper, M.D. (St. Nicholas), '18
Miami University, '22
U. of Toledo College of Medicine '26

"The classes I took for the Assisi Scholar Program were challenging, and they have left me very well prepared for classes at Notre Dame and even allowed me to pass out of several of them. The trip to Italy was an incredible experience. Whenever I look back on it, I can't help but feel an overwhelming sense of gratitude. Roger Bacon was an amazing experience, and I am forever grateful for its impact."

Daphne McCabe (St. Vivian), '24
University of Notre Dame, '28

Small Diverse Coed Franciscan Academics

"I have been fortunate enough to participate in college athletics and earn a Bachelor's degree in Economics & Finance, as well as recently graduate with a Master's in Accounting. Although I've never truly known where my academic journey would take me - one thing is for certain: Roger Bacon has been a foundational piece to my growth both as a student and as a professional. The rigorous course load and AP tests conditioned me to manage my time effectively, and roll with the punches in difficult times."

Logan Wolf (St, Michael), '18
Centre College, '22
MBA, Vanderbilt University, '23

"Roger Bacon was absolutely the right choice for me. This school taught me how to work hard and succeed, but also, it has taught me to cherish and uplift the people around me. Through our Franciscan values, RB students support each other, whether it be through successes or mistakes. These values are especially shown through extracurriculars, where students learn to do many things out of their comfort zone, and where I made many, meaningful, lifelong relationships. RB showed me how to sand but it has also showed me how to support the people I meet along the way."

Gabriel Ater de Lemos (SASEAS), '26
Villanova University, '30

Assisi Travel Athletics Arts Scholarships **Outcomes**

"The aspect of Roger Bacon that I am most grateful for is their willingness to push me to be great. As an Assisi Scholar, attending a school with a 7-point grading scale, taking over 10 AP or honors level classes, and also playing sports, there was no time for slacking. I am so grateful for the Roger Bacon education and experience."

Craig McGee (Milford), '17
Rose-Hulman College, Computer
Engineering '21

"The Assisi Program crafts a unique academic environment. I was encouraged to pursue my passions and realize my self-confidence during a time when it's easy to feel lost. Better yet, it provided me with a platform to share in this transformative process with supportive faculty and inspirational peers who both understood my experience and took pride in my personal growth. But I found that the cleverest quality of the Assisi Scholars Program was its intimate relationship with the entire Roger Bacon education."

Keir Adams (Finneytown), '16
University of Chicago '20
M.I.T., PhD, Chemistry '25

Small Diverse Coed Franciscan Academics

"Roger Bacon shaped my collegiate and personal success in ways I could not have imagined. The writing methods taught through the AP English and History classes form almost the exact analytical format that was expected for my undergrad research papers and law school exams. The culture taught me to treat others with dignity and respect, and helped me develop a greater understanding of clients' issues. There is truly no place like RB, and I am proud to be a Spartan for life."

Jocelyn Carraher (St. Ignatius), '22
Tiffin University, '25
University of Cincinnati College of Law, '28

"Roger Bacon was one of the best choices I could have made for myself. The community really brought me out of my shell, and I still have amazing friends from high school. The academics were very beneficial, especially the Assisi program, and I felt so prepared for college after completing my rigorous courses. Going to Italy with 24 of my closest friends and classmates was an experience I will never forget. I have never felt a stronger connection to my faith. The teachers and staff truly became like family, and I'm so glad I have them in my life."

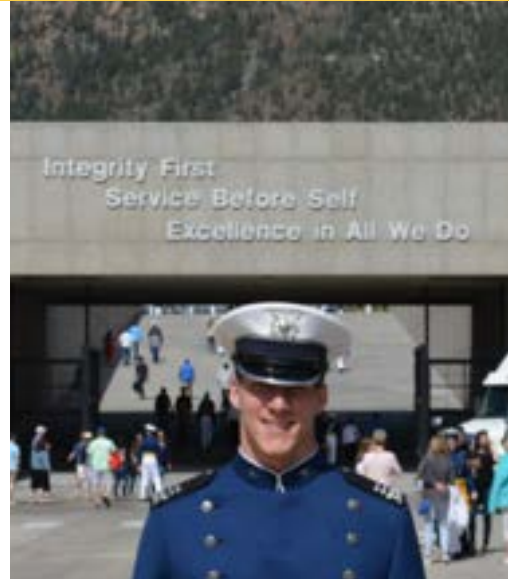

Ellie Sebens (St. Ursula Villa), '25
The Ohio State University, Pre-med '29

Small Diverse Coed Franciscan Academics

"The most valuable aspect of the Assisi Scholars Program is the discipline and resilience it ingrains in the students. Those two characteristics make up my foundation now. I have made multiple mistakes already whether it be in a military perspective or from an academic stance. However, having discipline and resilience allows me to learn from my mistakes and keep moving."

Destinee Byrd (St. Clement), '19
United States Naval Academy '23

"The academics, athletics, fine arts and faith formation at Roger Bacon all played an integral role in my development after graduation. From day one, Honors and AP level courses at Roger Bacon prepared me for the academic rigors of my undergraduate studies. This was key to the next step in my journey. I was accepted into the United States Air Force Academy which typically has a 12% acceptance rate."
